

LOGAN WALTERS

AUDIO ENGINEER / SOUND TECHNICIAN

EXPERIENCE

University Center & Special Events

2023 - Present

- **Student Technician Lead** (2025-Present)
 - Lead and mentor student technicians in the setup, operation, and teardown of A/V systems, oversee daily work orders, and monitor live events to ensure professional execution.
 - Serve as liaison between student staff, full-time personnel, and clients to maintain clear communication and smooth event delivery.
 - Collaborate with leadership to evaluate and strengthen the student worker program, implementing improvements to training, workflow, and performance standards.
- **Student Technician** (2023-2025)
 - Set up, operate, maintain, and troubleshoot sound, video, and lighting systems for campus events, ensuring accurate builds, testing, and breakdowns aligned with event schedules.
 - Coordinate with event organizers and team members to confirm technical needs and monitor live events to deliver safe, high-quality production.

Audio Engineer (A2), Breakaway Ministries

2025 - Present

- Setup and operate all A/V systems for Breakaway Ministries every Tuesday night in Reed Arena
- Create a distraction-free environment for 4-5 thousand college students to gather and worship
- Troubleshoot and develop solutions to complex A/V systems involving touring-grade audio and video equipment.

Sound Technician, Pine Cove Ranch

Summer 2024 & 2025

- Operated and maintained sound, projection, and lighting systems for events, including worship services, while ensuring safe and consistent audio/visual levels, and setting up or striking portable systems as needed.
- Controlled all production equipment for over 100 live worship sets and countless smaller events on the Pine Cove property.

RELATED SKILLS AND TRAINING

- Excellence in collaboration and interaction with artistic personalities
- Proficiency with Allen & Heath CQ, SQ, dLive, and Avantis sound mixers, as well as Behringer X32 and Wing sound mixers
- Experience with the handling of broadcasting cameras
- Excellence in Microsoft programs Word, PowerPoint, and Excel, as well as Adobe Premiere Pro and Lightroom
- Experience in troubleshooting A/V systems in high-pressure environments
- Valid TX Drivers License
- CPR certified
- Certified in Dante Networking Level 1 & Shure Wireless Practices

EDUCATION

Bachelor of Science in Telecommunications (2026) - Texas A&M University
