INTRO

Texas A&M University student pursuing a BS in Telecommunications Media Studies, with hands-on experience in multimedia production, visual communication, and event operations. Currently serving as Student Lead at University Center & Special Events, contributing to event planning, team coordination, and operational support. Passionate about leveraging technical and creative skills to excel in media and communications roles.

WORK EXPERIENCE

Student Technician Lead, Rudder Theatre Complex Oct 2023 - Present

- Operate, set up, and troubleshoot sound, video, and lighting systems to ensure smooth, high-quality campus events.
- Supervise student technicians and collaborate with full-time staff to deliver professional events while continuously improving the student worker program.
- Notable Events: 2025 Aggie Bonfire Memorial; various Midnight Yell Practices; Campus Nights Tour (feat. Josiah Queen, Hulvey, and Claire Leslie)

Multimedia Intern, The Heartland Church May 2025 - June 2025

- Filmed and edited weekly services for distribution via mobile app, website, YouTube, and Spotify.
- Captured and edit photo/video content for social media and created graphics for services and online posts.
- Produced announcement videos to promote events and maintained consistent visual communication across platforms.

Sound Technician, Pine Cove Ranch June 2025 - Aug 2025

- Operated and maintained sound, projection, and lighting systems for events, including worship services, while ensuring safe and consistent audio/visual levels, and setting up or striking portable systems as needed.
 - Controlled all production equipment for over 100 live worship sets and countless smaller events on the Pine Cove property.
-

VOLUNTEER EXPERIENCE

Audio Engineer (A2), Breakaway Ministries Aug 2025 - Present

- Setup and operate all A/V systems for Breakaway Ministries every Tuesday night in Reed Arena
- Create a distraction-free environment for 4-5 thousand college students to gather and worship
- Troubleshoot and develop solutions to complex A/V systems involving touring-grade audio and video equipment.

Sound Technician, MSC Town Hall Jan 2026 - Present

- Oversee equipment setup for MSC Town Hall live entertainment events
- Manage sound logistics and operations for majority of events under MSC Town Hall banner
